**Re: Marion County Law Enforcement Center  
Salem, Illinois**

Dear Gregg:

I want to commend the Korte & Luitjohan organization, and especially Stan Toennies and Rick Vogt, for a very successful construction project.

The success of this project is especially impressive when all of the factors are considered:

- A very tight urban site with little room for storage.
- Coordination of the multiple prime contractors.
- A very complicated, specialized building type with unique requirements.
- Unanticipated Foundation problems.
- Owner initiated changes that required demolition of work and rebuilding.

Even with Owner initiated changes, the total project cost is only 0.27% over the initial bids.

The general attitude of cooperation and project quality exhibited by all of the contractors and sub-contractors on this project, I attribute in large measure to the Korte & Luitjohan field staff.

Thank you again for your help in completing this very successful project.

Sincerely;

**Lawrence Goldberg Architects, Inc.**
